- (3) Mr. Skinner's employment as CEO of the Corporation ended effective October 10, 2025. The figure included under the "All Other Compensation" column for Mr. Skinner includes all severance amounts paid to Mr. Skinner upon cessation of his employment. See additional details relating to such payment under "Cessation of Employment of Jason Skinner, Former CEO" in the "Change of Control and Termination Benefits" section.

The Board of Directors determines the compensation of the executives and it is reviewed on an annual basis. The Personnel Committee conducts an annual review of the performance of the executives. Based on this review, as well as appropriate industry benchmarks, the Personnel Committee makes a recommendation to the Board regarding the compensation of the executives. The compensation plan is designed to compensate management in a manner that encourages and rewards a high level of performance, aligns management's interest with the interest of the shareholders and that is competitive in the industry to attract and retain talent.

The annual bonus for the CFO is an "at risk" form of compensation. It is based entirely on the objective identifiable financial performance metric of the Corporation's net income from the annual audited financial statements. The annual bonus of the CFO is set as 2% of net income in excess of \$1,000,000 and is intended to tie the CFO's performance to the achievement of the Corporation's financial objectives.

The registered pension plan awarded to its executives is consistent with the plan available to all full-time employees within the Corporation. The Corporation provides its full-time employees with a defined contribution pension plan that is federally governed. Employees can elect their contribution amounts and the Corporation will match their contribution up to 4% of base salary. As this is a defined contribution plan, the value at the time of retirement is based solely on the rate of return earned by the account which is based on the employee's investment choices. There are no provisions for early retirement.

The following table outlines the contributions made to the executives defined contribution plan by the Corporation:

Name	Accumulated value at start of year	Compensatory	Accumulated value at end of year
Jason Skinner, CEO	\$200,917	\$16,278	\$217,195
Holly Bannerman, CFO/COO	\$ 17,875	\$ 7,405	\$ 25,250

CHANGE OF CONTROL AND TERMINATION BENEFITS

CHANGE OF CONTROL

The Corporation entered into a change of control agreement with Holly Bannerman on May 8, 2023, which provides for certain severance benefits in the event of termination of employment following a change of control. The purpose of such change of control agreement is to ensure management continuity and support in the event any change of control transaction is approved by the Board, which transaction could result in the termination of the executive's employment.

A "change of control" would occur when: (i) all or substantially all of the assets of NWT are sold to a third party; (ii) any person (together with its affiliates) acquires over 50% or more of the voting shares of NWT through an acquisition, merger, amalgamation or other reorganization of NWT; or (iii) a majority of the Board determines a change of control has occurred.

Within six (6) months of a "change of control", if the employment of Holly Bannerman is terminated by the Corporation or by the executive at his option, the Corporation will pay a severance payment equivalent to:

Name and Principal Position	Salary	Bonuses	Pension, Benefits and Perquisites
Holly Bannerman COO, CFO	24 months	2.0 years bonus based on the average of the bonuses received by the Executive under the Employer's bonus pay plan, if any, for the 3 complete years of employment	- a lump sum amount equal to the Employer's cost of pension contributions, health and welfare benefits, executive vehicle expenses and perquisites for 24 months

In exchange for such change of control benefits, the executive is required to work diligently towards achieving any such change of control transaction which is approved by the Board. The executive can still be terminated by NWT for "just cause" without payment of any change of control benefits.

The following table outlines the cost that would have resulted if there was a change of control and the termination of the employment of Holly Bannerman within six (6) months of the change of control, effective as at October 31, 2025:

Name and Principal Position	Change of Control Cost
Holly Bannerman CFO/COO	\$484,500

CESSATION OF EMPLOYMENT OF JASON SKINNER, FORMER CEO

The Corporation entered into a separation agreement with Jason Skinner with respect to the cessation of his employment as Chief Executive Officer on October 10, 2025. With guidance from external employment counsel, an agreement was reached to resolve all legal and employment matters. In addition to payment of all severance amounts required by applicable law, the agreement provided for Mr. Skinner to receive an additional severance payment, conditional upon completion of the sale of the Company's grain assets. This additional payment was made to Mr. Skinner following the completion of that transaction.

Compensation of Directors

The Board of Directors determines the compensation of directors on an annual basis, generally at the meeting immediately following the annual general meeting. The Governance Committee makes recommendations to the Board regarding the compensation of the Directors to ensure that the Directors' compensation is comparable to appropriate industry benchmarks.

The directors of the Corporation are entitled to claim, as compensation for their services as directors, the equivalent of \$400 for each 8-hour day or equivalent amount of time spent providing services to the Corporation. In addition, each director will receive an annual retainer of \$3,500 per director with the exception of the Chairman and Secretary of the Board, as well as the Chairman of the Building Committee and Chairman of the Audit Committee. The Chairman of the Board receives \$6,000 per annum, the Secretary receives \$5,000 per annum, the Chairman of the Building Committee receives \$5,000 per annum, and the Chairman of the Audit Committee receives \$5,000 per annum. Such compensation is paid in cash. The directors are also reimbursed for out-of-pocket expenses incurred in discharging their responsibilities as directors.
